

ULTIMATUM

Fretsidiq Fekade

The enemy with in,
The talking insane
Crowned with deceit
Transgressor and reprobate
disgraced and repugnant
Cold blooded tyrant

Dwell in lies and deception
Promote political prostitution
With deep rooted hatred
Have incarcerated and murdered
Committed hideous capital crime
In the name of ethnic federalism
Disintegrate the sovereign nation
Not yet pleaded guilty of treason
with the intent to stay in power
Befriended with supremacy-monger

Your crimes stand tall
Your insults echo every angle
The travesty and profane
Got too hefty to carry on
Who can forget and forgive
For the scars are real not illusive
We have not been avenging
In the midst of mourning
We have not wiped out the tears
Flooding on innocent bodies

We beg for God to give us water
A portion of a bread and a shelter
The enemy with-in quicken to answer
Come forth with spilled blood,
and bodies of the brothers.
Their fleshs are brought forth
As delicacy for vultures.
The scavengers hovers the sky,
Predators in the valley
Don't seem to worry
don't wander around for prey

For God has seen the lamentation,
The cries and sobbing of the nation
Pharaoh celebrating the millennium,
His magicians making its emblem
The monumental heritage of the city
The blasphemous hotel of Alamoudi
Delude those who paid homage
To induce conceptual damage

Then, spoke the God of Ethiopia
o! you children of Satan
o! you children of Babylon
Done evil beyond repair
desecrate the land no more
O! you born from the seed of hatred
Free my people from bondage
O! you the sons of dissolution
Leave my sacred altar and realm

For I say onto the world
With mighty voice and word
Ethiopia is the land of brotherhood

My vengeance is beyond measure
For idolatrous of □ ferej□ ad evil doer
You altered and defied my covenants
Prosecuted and vanished
the true children of the land
My wrath has come down
Heater than the blazing sun.

O! my people come as united as ever before
Reclaiming the promise given afore
To re shine and to glorify
With true color of identity
This is your ultimatum to the enemy.
ETHIOPIA WILL PREVAIL!
